How to Register for Alerts of Newly Published Articles and Issues

To sign up to receive free Alerts, go to **http://pubs.acs.org** and click on the E-mail Alerts & RSS Feeds tab at the top of the page or at the top of most journal home pages

2

Choose to Receive Alerts Via E-mail or RSS Feeds

1. E-mail Alerts have two options:
 a) ASAP Alerts notify you when an article is published to the Web
 b) Table of Contents Alerts notify you when a complete issue is published to the Web

2. RSS feeds let you know immediately when new research is available on the website and enable you to manage information outside of your e-mail in-box

3

Complete the Online Registration Page for the Option You Select

1. After you have entered all of the required information, click on the "submit" button

2. For E-mail Alerts, you will receive a separate e-mail for each journal you choose

How to Find Articles Using Advanced Search

1

To access the Advanced Search page, go to **http://pubs.acs.org** and click on the Advanced Search tab at the top of the page or at the top of each journal home page

How to Find Articles Using Quick Search

From a journal homepage, use Quick Search to find articles based on author, title, abstract, full text, abstract and full text, or DOI

1. Select whether to search within the journal you are currently browsing or all journals

2. Select search criteria with the pulldown menu

3. Enter search term(s)

2

Use Citation Find...

1. If you know the journal name, volume, and starting page of the manuscript

or

2. If you know the manuscript's Digital Object Identifier (DOI) code

From the Results Page You Can...

1. Select how to display results:
• By date　• By journal
• By relevance

2. Select format to access your articles:

HTML (Web Enabled Objects, link to ChemPort Reference Linking)

or

PDF (screen-shot image of original printed page)

3

Use Search Journals to find articles based on author, title, abstract, or full text

1. Select one or more search criteria with the pulldown menu

2. Enter search term(s) for each entry field

3. Fine-tune your search criteria
• And – narrows search
• Or – widens search
• Not – narrows search

How to Browse Back Issues and the Legacy Archives

1. From a journal home page, go to "Browse by Issue" at the right of the page

2. Use pull-down menus to select decade, volume, and issue number

3. Browse the Table of Contents of the issue you have selected to find the articles you need

4

Use options to narrow search further

1. Select specific journal; to add more selections: Windows — hold down control; Macintosh — hold down command key

2. Select timeframe
• Articles ASAP　• Archives
• Current　• All

or select date range

3. Select how to display results: by date, by journal, by relevance
